Subject: Client Meeting Scheduled for 2/23/12

David:

Thank you for taking my call. I am writing to request another brief phone conversation with you in advance of a meeting scheduled between our clients for next Thursday, February 23rd. I understand that the meeting was requested by Bill Honker with Susan Jablonski, the Director of the Radioactive Materials Division which includes the UIC Section. I also understand that Mr. Honker and Stacy Dwyer are the persons that will attend from Region 6. Our clients may discuss TCEQ's pending requests for program revisions to approve aquifer exemptions and/or other UIC matters. Susan asked me to contact you in advance of the meeting to inform you that TCEQ attorneys will be present at the meeting and I thought it might be constructive for you and I to have a brief discussion regarding contemporary EPA Region 6 /TCEQ UIC issues in advance of our clients' discussion. I will be available by the phone Friday and Tuesday and hit and miss Wednesday.

Thank you David,

Diane Goss
